CLASSIFICATION:

Phil Petagara was in a rush to greet the world, and before his mother could make it to the hospital, he was born on the couch in his family's living room. He grew up in Fremont and went to Washington High.

When his mother died, the father of Dennis Eckersley became his mentor. He played baseball as well as other sports with Dennis growing up. He went to college and got his AA from Ohlone in Landscape design, and was the first in his family to graduate from college.

Phil has been married for 24 years and has three children: a son that is a San Joaquin County Sheriff, a daughter that does graphic arts for 24-hr. Fitness, and a son that is a junior at Livermore High School. He lived in San Leandro for 10 years, but when the children approached middle school, they felt that it was time to move to an area with better education. They moved to the Tri-Valley, where they've now been for 17 years.

After 33 years, Phil was offered and took early retirement from BART, where he had been working as a maintenance foreworker, as liaison between the contractors and the engineers on expansion projects.

Tired of the honey-do's at home, Phil used his Class A license to find work. He began working with Black Sky Limousines about a year and a half ago.

Black Sky started in 2002 with 2 vehicles and now has a fleet of 6 that can accommodate from 1 to 20 passengers. They always have friendly drivers, clean cars and pride themselves on being on time. Most trips have a 3-hour minimum, but one-way to SFO is \$86.25 + the standard 15% gratuity.
