SPOTLIGHT ON THE SWENSON GROUP:

BY CORY PINTER

Since the dawn of the business age, the copier has been pushed to the back of the business owner's mind as a problem that has to be dealt with.

Mark Van Slambrook alleviates the stress of managing and maintaining the company office machines. Through staff, process, communication and high-tech support, The Swenson Group offers solutions and are very customer-service oriented. All of their technicians are factory-trained and are there to help on and off site to help your business stay up and running. They offer competitive pricing and solution assessment to save their customers money. For any printer, scanner, copier and fax machine needs, call Mark 383-6747.

SPOTLIGHT ON THE MASER COMPANY:

BY JERRY RANEY

Phil Maser has been in the construction business for 28 years. He is a smaller company, which allows him to only take jobs that he has time for, focus on one project, and work on the job until it is complete. He also has less overhead; that means his charges will be more reasonable than the large contractors. For your next

remodel or other home projects, call the very talented and organized Phil Maser at 829-1650.

GUEST BREAKFAST:

On Thursday, **March 7th**, we will be having a Guest Breakfast. This is to give potential members an exact date rather than an open-ended invitation.

Any prospect that fills out an application for membership on that day will have their initiation fee waived.

A printable invitation is attached for you to forward or hand out to your prospects.

The member who brings in the most new members in one year, will have dues waived for one quarter (a tie splits the dues equally).

All members who bring a guest (to any meeting) will have fines waived for that meeting.
