DID YOU INVITE A POTENTIAL MEMBER TO THE MEETING?

THE VALUE OF THE ASSOCIATION:

The TVEA is a resource for information, and support through camaraderie.

It gets you out of the office and re-energized to get ahead in your business. Hearing about the experiences of other business owners, lets you know that you're not alone or that what you're going through isn't so bad.

You can read about how the economy is doing, but during a TVEA meeting, real information is given by business owners representing all types of different industries. That is exactly the way Warren Buffet gets his information, from analyzing the businesses he owns, which is what this group is for each other.

DID YOU GIVE A REFERRAL THIS WEEK?

ATTENDANCE REMINDER:

For some of us, the value of attending meetings is implicit; others may need reminding that they are a valuable part of the organization and that they are missed when they are not there.

Section 6.12 of By-Laws of the TVEA states:

"Attendance: It is the duty of every Member to be represented at all regular meetings of the Association. The failure of any Member to be represented by its Active or Associate Representative at any three (3) consecutive meetings or at a minimum of seventy-five percent (75%) of the weekly meetings during a calendar quarter, may be cause for expulsion."

The energy of the Members is what makes each of us get up early every Thursday morning and it wouldn't be the same if you weren't there.
